MCS-GT6 Hybrid Handset Specification Sheet

Switch No.	Legend (eg Front Spots)	Colour	PTT	L	M
1					
2					
3					
4					
5					
6					

Please Note:

Due to the flexible and customisable nature of this product, specific firmware development is required to meet precise end-use applications. This is not currently an out-of-the-box solution. Therefore, we kindly ask you to contact our dedicated sales team, who will be happy to discuss your requirements to develop the appropriate solution.

*Any key can be programmed for use as **PTT** (Push To Talk), please tick the box next to the appropriate key number if required.*

L = Latching **M** = Momentary, please tick the box next to the appropriate key number if required.

The key colour is created by the LED shining behind the key, please specify the colour required. Keep words as short as possible and abbreviate long words, if an abbreviation is not stated we will insert a standard abbreviation.

Cable entry and button numbering will remain in the same position regardless of the handset orientation.

Please complete this sheet and return it to Standby UK. Orders will not be processed until a signed copy is returned.
